POST-OPERATIVE AFTERCARE

While having plastic surgery is exciting, it is important to have someone be able to care for you immediately after surgery. Friends and family members should be available to assist you. If you're staying at a private hotel without anyone available to assist during your recovery period, our patient coordinators can arrange for a private duty caregiver.

Or alternatively, you may choose to stay at a nearby aftercare facility. Aftercare facilities offer Hospitality; Meals, a Driver to facilitate your medical appointments, and a Certified Nurse to attend to your medical needs.

PRIVATE AFTERCARE AT YOUR HOTEL

Many of our patients prefer to relax and be cared for in the comfort of their preferred hotels. We have several private after-care nursing groups that we work with that offer excellent care. If this is of interest to you, please let us know and we will help you with the necessary arrangements.
